Hey @Mashinsky & @CelsiusNetwork. I love the 7.27% on the first #Bitcoin 📈 & the first 100 Eth. You should do the same for the Top 100 HODLERS, which — if you can afford to do it — will help increase the Cel token price & another great utility.

Inflation is theft. Modern-day, privately-owned central banks & their secret owners are counterfeiters & slavemasters that need to be eradicated from the earth.
